ACE CONCIERGE PARTNERS WITH THE RESIDENCES AT MANCHESTER PLACE

MANCHESTER- Ace Concierge has been retained by The Residences at Manchester Place. ACE will provide personalized errand and concierge services to the residents of the over 200 private units, at the Residences in downtown Manchester.

To assist with lifestyle management, ACE will offer a number of services that are not currently provided by the Residences; including, but not limited to personal/grocery shopping, video rental/return, prescription pick-up and miscellaneous errands as well as elder check-ins.

“Sometimes residents’ needs go beyond our capacity,” says Ken Whipple. “Because ACE Concierge provides such a wide range of personalized services, we can refer those requests to them and be assured our residents will be taken care of.”

ACE accomplishes your tasks on their time, providing a selection of services for both your individual and business needs. ACE can check off the items on your “to do” list including grocery shopping, scheduling appointments, deliveries, computer research, postal errands, gift purchasing, courier service, and pet and house sitting. Contact Susan Poirier at ACE Concierge for information about these and other work/life balance solutions at 603-458-ACES or at www.aceconcierge.net.
